STC57

A QUANTUM LEAP in sound- transmission reduction

Custom powerlift partitions

Skyfold Classic Elite is a fully automatic custom built partition that not only efficiently redefines space, but also virtually stops sound from escaping. With its unprecedented ability to reduce sound transmission, this is the most effective electrically operated partition on the market today. In fact, it will stop sound more effectively than a 12 inch concrete block wall (305 mm)!

World's best **fully automatic acoustic partition**

STC57

A major breakthrough in sound-barrier technology

The Skyfold Classic Elite is a fully automatic partition that will, with a simple turnkey operation, silently and effortlessly disappear into a ceiling cavity without wall or floor tracks. It is the most effective sound-transmission reducing electric moveable wall... in the world!

KEY FEATURES AND BENEFITS

- ❖ Fully functional electric operable wall
- ❖ STC 57
- ❖ Up to 28 feet high (8.5 m) and unlimited length
- ❖ Ideal for stepped or sloped floors
- ❖ Many exceptional safety features
- ❖ Weighs approximately 9.1 lbs/ft² (44.1 kg/m²)

SKYFOLD CLASSIC PRODUCT LINE SUMMARY
